

Macedonia LMI Survey, 2024

The City of Macedonia is applying for a Community Development Block Grant to aid in funding water system improvements. The survey will determine whether more than 51% of the population in Macedonia are considered low to moderate income, which is a requirement for the grant. The individual results of the survey will be held strictly confidential, and the records will be maintained by Southwest Iowa Planning Council and not released to the public or city. **Return completed surveys to the drop boxes located at City Hall, Post Office or TS Bank.** *(You must live within the city limits of Macedonia to take the survey.)*
